

Eastman Launches 'Solar Access LIB – All-in-One Inverter Cum Lithium-ion Battery Plug & Play Solution' on Amazon

- Empowering consumers with seamless solar adoption through a plug & play design

New Delhi, 8th October, 2025 – Eastman Auto & Power Ltd., an innovator in the energy transition space, has unveiled its latest offering Solar Access LIB, an all-in-one inverter cum lithium-ion battery plug & play solution, on Amazon India.

Engineered to simplify solar adoption, Solar Access LIB combines cutting-edge inverter technology and lithium-ion battery power into a single, compact, and easy-to-install unit. With zero wiring complexity, customers can instantly access clean energy for their homes and businesses, making sustainable living both hassle-free and efficient.

Key Features of Solar Access LIB:

A smart all-in-one unit that seamlessly integrates an Inverter and Lithium Battery, ensuring effortless installation and optimal space utilization.

- **Solar Compatible:** Engineered to work efficiently with solar power systems
- **Low-Loss MPPT Solar Charger Topology – ZERO DROP Technology:** Ensures 100% utilization of solar power with absolutely no wastage. Unlike conventional designs that use diodes in blocking circuits, this advanced system eliminates diode losses, minimizes heating, and achieves charging efficiency of over 95%.
- **PV Reverse Protection:** In-built safeguards protect the system against PV reverse in case of wrong wiring.
- **Smart Selection of Grid & Solar:** Customers can flexibly select their energy source as per individual requirements.
- **Isolated Communication & Monitoring:** Remote monitoring available through the Eastman Solar App.
- **Three Intelligent Saving Modes (Solar, Intelligent, Hybrid):** Customers can optimize performance and savings by choosing between solar-only, smart/PCU, or hybrid (grid + solar) modes.
- **Zero Maintenance:** Powered by Lithium Battery technology, this system requires no maintenance, produces no fumes, and ensures clean, leak-free operation—a truly green and user-friendly solution.

Mr. Shekhar Singal, Managing Director, Eastman Auto & Power Limited, said *"With Solar Access LIB - All-in-One Inverter Cum Lithium-ion Battery Plug & Play Solution, our vision is to empower every household and small business with simple, efficient, and reliable access to clean energy. By making it available on Amazon, we are ensuring that this cutting-edge product is just a click away for consumers across India."*

The launch comes at a time when India is accelerating its transition towards renewable energy, with increasing demand for reliable backup power and sustainable energy solutions. Eastman's Solar Access LIB addresses this need by offering unmatched convenience, superior efficiency, and intelligent energy management.

Solar Access LIB is now available for purchase exclusively on [Amazon India](#).

About - Eastman Auto & Power Ltd: Eastman Auto & Power Limited (EAPL) is a leading player in the energy transition space, offering innovative solutions across energy generation, storage, and utilization. The company operates in three key verticals: LastMile E-Mobility, Solar Solutions, and Continued Energy Solutions. Eastman delivers a wide range of technology-driven products, including energy storage systems and power conversion solutions designed for solar and backup applications. With a strong manufacturing base and an expanding global

footprint, the company is committed to driving clean, accessible, and reliable energy solutions. Backed by a deep-rooted distribution and service network, Eastman partners with OEMs and end users to deliver seamless energy experiences. Through continuous innovation and customer-centricity, the company is helping accelerate the shift toward sustainable and self-reliant energy ecosystems — both in India and internationally.
